**DETAILED ACTION**

***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 2 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 2 recites the limitation "by paging for a mobile station only in the cells of the cell list, starting with the cells of the LA, and in the absence of a response from the mobile station, paging in the cells of the PA, and in the absence of a response paging in the cells of the SA" in the newly amended portion of the claim. The "cell list" is described in the claim in the alternative (i.e., *at least one of the following....LA....PA.....SA*) and the amended portion refers back to all three (i.e., LA, PA and SA).

There is insufficient antecedent basis for this limitation in the claim. The claim has not been examined on the merits.

***Allowable Subject Matter***

3. Claim 9 is allowed.

***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Di Lalla, U.S. Patent No. 6,745,039, discloses a self-configurable paging system.

Davies et al., U.S. Patent No. 6,594,493, discloses a paging arrangement for wireless communication.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
